SOAR Summer Program

Friday, July 2, 2010

With Independence Day fast approaching, the SOAR students had an opportunity to enjoy America's pastime. The group joined with students from the CIS COMPASS Project to attend a Durham Bulls Game. The affiliate team for the Tampa Bay Rays went on to beat the Lehigh Valley Iron Pigs 3-2 in a last inning rally.

Morris enjoys the company of an inch worm he found in the garden.

On Tuesday the students used cucumbers from the garden to make homemade pickles. After some light garden maintenance and a lunch of garden fresh corn on the cob and turkey burgers, they visited some American heroes at the Aberdeen Fire Department. The firefighters gave a tour of the entire facility and also the fire engine. They finished the day with a souvenir cup full of ice water for each child.

The boys-vs.-girls fishing competition ended with the boys prevailing by catching five fish to the girls' three. With no golf lesson this week, the students were treated to a movie complete with popcorn. They lounged in bean bags and butterfly chairs as they enjoyed Alvin and the Chipmunks, the Squeakuel. After the movie they got another treat of watermelon fresh from the Sandhills Farm to Table Cooperative.

Information for Parents

NO SOAR

Monday, July 5th through
Thursday, July 8th. We will
return on Monday, July 12th.

Happy 4th of July!
